

Being a member of The United Methodist Church is connection to many people, churches, national regions, and the world. Explore what "connected" means by working together during activities, worship, and meals. Youth and adults will form tribes to work together and to compete with other tribes. This is an opportunity for mid-high youth also to learn to know one another while in the sacred space of Camp Chippewa.

Prior to the event, adult sponsors will be given some tools so they can be effective tribal leaders. Please give us contact information so we can send resources prior to retreat arrival.
